Secretary Message

At the dawn of the 20th century there was not a single school in the whole of South India Managed and Maintained by Muslims in accordance with their tradition and culture and imparting secular education. The Muslims of Vaniyambadi fired by the inspiring lead given by Sir Syed Ahmed Khan rose as torch bearers of Muslim education.

The V.M.E.Society was founded in 1903 immediately after the session of the All India Muslim Educational Conference held at Madras. One hundred years ago our forefathers with farsightedness and broadmindedness decided to impart secular education irrespective of caste, creed and colour. Thus Vaniyambadi came to be called the Aligarh of South.

Education gives us knowledge of world around us and changes it into something better. It develops in us perspective of looking at life. It helps us build opinions and have points of view.

C. Khaiser Ahmed, B.Sc.
Secretary & Correspondent

Principal Message

Islamiah Women's Arts & Science College is a symbol of devotion to education and love for learning of the Youth of Vaniyambadi. Though its name is "Islamiah Women's Arts & Science College", it is absolutely and totally secular and holds a true national out-look. From its very inception, it has drawn members in its establishments, staff and students from all communities.

The College keeps its portals open to the members of all castes and communities. The aim of the College is to foster in the teachers and students, and through them in society generally, the attitudes and values needed for developing "good life" in individuals and society. During its glorious journey of more than hundred years, it has been catering to the educational needs of the poor and marginalized people, which is the main focus of the management.

Dr. M. Renu, M.B.A., (FIN.), M.B.A., (HRM), M.Com, M.Phil, PGDCA, SET, Ph.D.
